

## **Joshua Jaklevick, Executive Vice President, HMC Companies**

Josh Jaklevick is the Executive Vice President of HMC Companies. He is responsible for the growth, maintenance and retention of health and welfare benefits for an extensive and diverse group of union, Taft-Hartley and jointly bargained accounts in the 11 western states. He oversees HMC's regional account managers, sales personnel and marketing efforts with regard to the following product lines: EAP, behavioral health, health and welfare, pharmacy benefit management, pension, Workers compensation/ADR and data information management.

Additionally, Mr. Jaklevick has a strong background in employee assistance programs and mental health and chemical dependency benefit plan development and administration. He is the President of the Board of Directors of the Members Health Fair, a non-profit organization responsible for health and welfare outreach services to union members and their families.

Mr. Jaklevick has been working with joint labor and management groups, providing account management services, for the past 15 years. His prior experience includes holding the position of Vice President for HMC/MHN where he worked for ten years overseeing the servicing of Labor and Trust Clients. He also worked as the Department Manager of Labor and Trust for the Holman Group for three years. Other related experience includes two years in the position of Development Officer for Palmdale Psychological Services, a dual diagnosis chemical dependency unit in the high desert, and five years in the position of Intake Coordinator at CRI-Help, Inc., a residential treatment center for drug and alcohol abuse in North Hollywood.
