

**Judy Ables-Morin, R.N. CVNS, CCRA**  
*Vice President, Clinical Operations, HMC Companies*

Judy Ables-Morin has been a registered nurse for 21 years specializing in the area of cardiovascular science, research and preventative health specialties. She completed her R.N. program and licensure at Phoenix College and continued her studies at Grand Canyon University. She works with the HMC senior team providing distinctive program clinical design, program implementation and account management of HMC Wellness and Health Management Education resources. Her primary responsibility is oversight for the Condition Health Management Education and Lifestyle Wellness & Prevention Programs; monitoring the use of "evidence-based medicine", protocols and medical standards". Additionally her focus is program adherence to established parameters and performance measures, ensuring quality assurance as well as examines program efficacy and outcomes analysis for current and perspective clients. Judy is lead in promoting ongoing efforts of HMC's program URAC and NCQA accreditation activities.
